LÍVIA ALMEIDA
FRONT-END ENGINEER
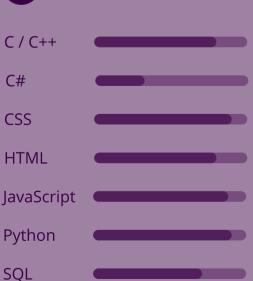

liviaalmeida.github.io

ABOUT

My goal is to build products that solve its users' problems while providing a great usability. I like to work closely with the design team, in highly collaborative environments.

My main interests are code architecture and code quality, design systems, and CSS animations. I am proficient in both JavaScript and TypeScript, having worked mainly with the frameworks Angular and Vue.

PROGRAMMING SKILLS

C / C++

C#

CSS

HTML

JavaScript

Python

SQL

TypeScript

PROFESSIONAL EXPERIENCE

ECOSIA
(apr 2021 - present)

FRONT-END ENGINEER
Working as a front-end engineer for the search engine that plants trees. Using JavaScript for Vue, Nuxt and Vite, along with HTML and SCSS.

SYMBAROS
(aug 2020 - march 2022)

PARTNER / CONSULTANT
Working as a front-end architect consultant for a platform specialized in renting commercial spaces using AI. Setting up architecture and building website in Vue.

QUESTRADE
(june 2020 - dec 2020)

FRONT-END ENGINEER
Worked as a front-end engineer for a trading platform using Angular8+, TypeScript, and SCSS.

BLIP.AI
(jun 2019 - apr 2020)

FULL STACK DEVELOPER
Worked as a full stack developer using AngularJS and Vue.JS for front-end, .NET core for back-end, and occasionally Python for NLP models analysis.

BLIP.AI
(jan 2018 - may 2019)

DEVELOPMENT INTERN
Worked as a front-end intern in the chatbot building platform BLiP.ai using frameworks AngularJS and Vue.JS, provided solutions on Artificial Intelligence using Python, and analyzed NLP models based on intents and entities.

EDUCATION

UNIVERSIDADE FEDERAL DE MINAS GERAIS
2022

COMPUTER SCIENCE
This bachelor degree aims to train professionals focused on the development of computer systems, notably programming systems (software).

PROJECTS

SQ-LEARN
www.sqlearn.net

DATABASE QUERY LEARNING
The goal of sq-learn is to help everyone who wants to learn queries in SQL by having an intuitive interface to visualize the database.

TALKS

THE DEVELOPER'S CONFERENCE
Jun 14th 2019

WORD EMBEDDING AND APPLICATION
How to develop an application to solve a recurring Natural Language Processing problem using the Word Embedding algorithm? We are going to explore the spell check task.

DEVELOPER CIRCLE
Feb 19th 2019

HOW TO LEARN USING TEXT?
To use words in mathematical models, we rely on transforming them into some form of numerical representation. One of many algorithms that perform such task is the Word Embedding.

LANGUAGES

ENGLISH
Proficiency: fluent reading, fluent writing, fluent speech
IELTS 7.5 (03/06/2021)

FRENCH
Proficiency: intermediate reading, basic writing, basic speech
Level A2
